

June 18, 2023

Dear NSD Families and Staff,

The Nashua School District is writing to provide a reminder about the cyberattack experienced in late April. The investigation remains ongoing while, at the same time, significant work has been completed to restore impacted systems and ensure the security of the district's environment moving forward. We continue to work with third-party subject matter specialists to define the scope of the attack.

Although we are unaware of any actual or attempted misuse of any personal information because of the cyberattack, we recommend that individuals remain vigilant against incidents of identity theft and fraud
