

STUDENT MEAL CHARGES

The Board recognizes the impact that wellness has on student achievement. To support this, students are provided competitively priced, nutritious and well-balanced meals also known as reimbursable meals.

at least 50% of the meal must contain grains, fruits, vegetables, and milk. Parents/guardians are responsible for maintaining a meal account through the school's website.

Parents/guardians who are unable to pay for their child's meals may request free meals under federal guidelines. Please contact the school for notification to enroll in the program.

This policy establishes the criteria for these charges with the goal of ensuring student's eligibility for free or reduced-price meals.

Parents/guardians are notified of their child's account balance home and emailed annually to support their child's educational success.

Students Without Cash or Positive Balance

No student will be denied a breakfast or lunch regardless of account status. Students with an excess balance on their meal account will be charged the amount of the excess.

On May 15 each school year, all unpaid student accounts with delinquent debt may, upon the decision of the Superintendent or Food Services Director, be assigned to a collection agency. At the end of June each year, delinquent debt becomes bad debt.

The Director of Food Serv
